## **Other Information**

We are anticipating payment in the range of £12.50 to £15 an hour depending on experience. It may be that, in negotiating with the successful candidate, this role becomes that of a self-employed contractor rather than an employee. We wish to be flexible in order to get the right person to work alongside us.

The Ministry does not currently have anyone in employment or paid contractually.

We are expecting that the successful candidate would be able to raise donations to the Ministry in the first year to at least cover our payments to them. Bringing more people in as supporters of the Ministry is therefore the prime focus of the role.

The Ministry is based in Standlake, near Witney, Oxfordshire. It is not vital for the Communication and Promotions Officer to be based near there, but it would be useful if they were near enough to be able to meet with Suzanne and/or Trustees in person occasionally. We expect the majority of communication to be electronically.
